

CanaSource - Local Sourcing. Nationwide Impact.

CanaSource is a bilingual web platform that connects Canadians with local businesses offering products and services traditionally sourced from abroad. Whether you're an individual, distributor, or enterprise, CanaSource helps you find trusted local solutions from all provinces and territories.

Key Features

- Discover suppliers and service providers by category and region
- Request or respond to sourcing offers
- Build and manage your own online boutique (pending approval)
- Bilingual interface (English & French)

CanaSource empowers sustainable, Canadian-first procurement while creating real opportunities for local makers and entrepreneurs.
